How I Stacked It

**Leanne Kildea
Financial Controller at
Wizu Workspace**

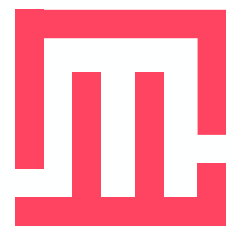

Dext

Invoice Processing

"We use Dext for invoice processing, it's a quick and efficient way to process invoices and remember previous invoicing details."

dext.com

Mayday

2

Intercompany Reconciliations

"Life saver! Mayday syncs with Xero, with a number of companies in our group, it allows us to recharge in a fraction of the time and reconcile in seconds."

getmayday.com

3

Group Consolidated Reporting

"Syncing with Xero, Fathom makes it simple and quick to set up templates for reporting on individual and consolidated group companies."

fathomhq.com

4

Payroll

"The ease of using Xero Payroll's pay templates allows a quick payroll turnaround."

xero.com/uk/accounting-software/payroll

5

Task Management

"Asana's calendar view is very efficient, it shows us tasks and deadlines and helps us to keep on top of responsibilities."

asana.com

6

Debt Chasing

“Syncs with Xero to allow automated debt chasing using templates and schedules across the group, Know-it has saved the team time previously spent manually chasing.”

know-it.co.uk

Telleroo.

7

Payments

"Telleroo syncs with both Xero and our banking so we can create and make payments efficiently and quickly."
