

How I Stacked It

A year in review – Part 2

In this second installment, we turn our focus to the specific apps that finance leaders rely on to drive efficiency and innovation. Across this year's newsletters, certain apps emerged time and again, becoming clear favorites among the community. Today, we're counting down the top 10 most-mentioned Xero App Store picks of 2024, each a testament to innovation and the value they add to finance teams.
